Comayagua

There are six different schools in Comayagua where we distribute school supplies and share God's Word. We work in partnership with Prayer Plan Missions. To learn more about what God is doing through PPM, visit their website at ppmissions.org. The mountains are just as beautiful in Comayagua as they are in Copan. We are truly blessed to be able to experience God's majestic creation!

Throughout the week, of February 18th, we visited 6 different villages to deliver school supplies. We also continued to share Psalm 139:14 with a story about Hermie the caterpillar with help from our PPM friends.

Traveling through the mountains

Memories that will last a lifetime!

A Modern Day Miracle

El Junco was the last village we visited. The teachers had increased their number of children the day before we visited, and we were prepared. When we arrived to begin handing out supplies, we discovered that the numbers for each grade, except for the Kinder, had grown. The 3rd grade alone had grown by 5. After handing out the bibles, we knew that we had gone way past the number of bags that we had. I went over to the boxes that contained the bags of school supplies, and I prayed for a "loaves and fishes" miracle. The team then began to hand out the bags. At one point, I looked around and Carol Lynne had 3 bags in her hand, and Marcela and I had just enough for the remaining boys. Listen carefully to what God did. . . 3 LEFT OVER . . . the exact amount we needed in order to give backpacks to friends of the mission. We began this entire journey thinking God would provide for 700 children. In the end, He provided for 839. A modern day miracle and testament to how God works. With prayer at the center, He will provide in His Way, His Timing, and with His Plan! Amen!

So excited that I was able to spend the afternoon listening to music class at the mission house. Wow! I love how God plans special moments such as this!

Look what God did this week in Comayagua!!

As I reflect on the past two weeks, I really have no words for what I have seen God do. To all those who have been praying for PEH, the schools, the children, and the teachers, as well as all those who contributed supplies or donations to purchase supplies, "Thank you!" You are a part of this journey, and we appreciate you coming alongside us and supporting what God has called us to do. In two weeks, God touched the lives of 839 children and 36 teachers! Even as I write this, I am in awe! I saw miracle after miracle as our God supplied and provided opportunities to share His love and His word! Praise be to God! To Him we give all the glory! We also give special thanks to our partners in ministry in Honduras, both Honduras Evangelical Association and Prayer Plan Missions. We could not do all of this without their support, encouragement, wisdom, and provisions for traveling and lodging. As we continue on this journey, we ask that you continue to pray for PEH as we continue to seek to glorify, honor, and serve Him!
